Many thanks again for your kindness and your wonderful, incredible, life-changing, reading!

I wanted to let you know how accurate you have been regarding my birthmother. You said that she would be in Maryland but had ties to Pennsylvania and I would contact her within 7 months and that she had been looking for me but had given up. I found her in August and that was 7 months after I saw you! She lived in Maryland but had family in Pennsylvania too. And she was discouraged from searching for me because she had closed adoption records in a very difficult state to open records. You also gave me great insight into the complications she was dealing with at the time. It gave me a whole new perspective on her life and I gained much empathy for her situation. We have met on several occasions. Thank you for helping heal both of us!

I had a consultation with you yesterday. I have been unable to stop thinking about everything you said to me.....and I must tell you you, last night was the most restful sleep I've had as far back as I can remember. You described me to the T. I feel you are the only person who has ever understood what lives within me, that, at times, even I couldn't.

Thank you for your insight and encouragement. You have a wonderful gift, and I feel blessed that you could share it with me. The reading is invaluable-each time I listen to it, I hear new things that I didn't hear when we were in our appointment. Each time I listen also sparks new ideas and insights. Thank you so much for the ongoing inspiration!

Just wanted to share how my daughter is doing. She has not had a sick day since I returned from Virginia. As you suggested, they found a blockage in her stomach. This was corrected. she is doing well now.

My "big day" is finally here. I will graduate May 11th. I want to thank you. Your encouragement, and guidance has helped me to make my dream come true. God bless you

You are always upbeat and positive and are one of the few psychics that leave your own ego behind when you work with people.

Mary's reading was very accurate. She described a wild scenario-where I would be in charge of a new government effort that would empower all employees. She described it as something that is being done in the private sector and that the government is just starting to adopt. I would be placed in charge, speaking about the program and traveling. She said that I'd work with a great bunch of people and it would be more like brainstorming and figuring how we could carry out these new endeavors. She said that I would go as far as I could in government then leave to become a consultant.

Mary, be glad to know that of all the many psychics I've talked to---you were the best!

Your reading has just blown me away. In a good way. I got so far off track, was so lost, scared and confused! I'm so grateful for the re-alignment. Sometimes I get so absorbed in "this life" I forget the bigger picture-The Journey of the Soul..... I'm so grateful for you and what you do. My life is better because of it!
